

## **Peka Digital Library**

### **Empowering Learning — Anywhere, Anytime**

Peka Digital Library is a digital learning platform that provides free access to Amharic and English educational resources. Our goal is to support students, teachers, and lifelong learners by making quality learning materials easily available online.

---

### **Our Mission**

To create a digital space where knowledge is accessible to all — regardless of location or background — and to support the educational needs of the Amhara region of Ethiopia, where an estimated 8-10 million students are projected to be out of school by 2025. While this platform alone may not be enough to meet the vast educational needs of all, it will undoubtedly serve as a model and an inspiration — encouraging the Amhara educated diaspora and Ethiopians everywhere to contribute, collaborate, and innovate toward solutions for our children's future.

---

### **Explore Our 5 Main Sections**

#### **1. Courses with Outline**

- Structured learning plans for each subject.
  - Course objectives, topics, modules, and prerequisites clearly listed for easy navigation.
- 

#### **2. Short Video Introductions**

- Quick and engaging videos to introduce each course.
  - Helps learners understand what the course offers before starting.
- 

#### **3. Full Course Materials**

- Complete access to all course content:
    - Lecture notes
    - Slides
    - Assignments
    - Downloadable resources
    - Additional learning aids
- 

#### **4. Reference Textbooks**

- Suggested textbooks and e-books for deeper understanding.
  - Materials carefully selected to align with course content.
- 

## **5. Quiz & Assessment Section**

- Interactive quizzes and practice tests to check your understanding.
  - Great for self-assessment and progress tracking.
- 

## **Why Peka Digital Library?**

- ✓ Free & Open Access
  - ✓ Available in Amharic & English
  - ✓ Designed for KG-12 Students
  - ✓ User-friendly Navigation
  - ✓ Resources for Teachers, Students, and Parents
- 

## **Get Involved**

We welcome educators, content creators, and partners to join us in expanding this digital library to reach even more learners.

Together, let's build a smarter future.

---

## **User Login & Access — Peka Digital Library**

To provide a personalized and secure learning experience for students from Kindergarten to Grade 12 (KG-12), Peka Digital Library uses a login system. This helps ensure that learners access age-appropriate content while tracking their progress and engagement.

---

## **Key Login Features**

### **1. User Authentication**

- Students, parents, and teachers will be required to create an account or log in with existing credentials.
  - Secure login ensures privacy and personalized access to learning materials.
-

## 2. Personalized User Profiles

Once logged in, every user will have their own profile to help track and organize their learning journey, including:

- Courses enrolled
  - Completed lessons
  - Quiz results & performance
  - Certificates of completion (if applicable)
  - Saved resources or bookmarks
- 

## 3. Age & Grade-Based Content Segmentation

- During registration, users will enter their grade level or age group.
  - The platform will automatically adjust available content based on grade or learning level.
  - This ensures students access materials suitable for their educational stage — from KG to Grade 12.
- 

## 4. Access Permissions by User Type

Different user roles will have distinct access rights within the platform:

### User Type Access Privileges

Student	View courses, take quizzes, track progress, download resources
Parent	Monitor student progress, view reports, communicate with teachers (optional)
Teacher	Upload materials, create quizzes, track students' performance, provide feedback

---

## Benefits of Login-Based Access

- ✓ Personalized learning experience
  - ✓ Progress tracking & reporting
  - ✓ Safe & secure access to age-appropriate content
  - ✓ Teacher and parent engagement
  - ✓ Easy to manage courses and assessments
- 

## Future Features (Optional Enhancements)

- Password reset via email or SMS

- Login via Google or Facebook accounts
- Progress badges & certificates
- Parent dashboard to track multiple children
